

An aerial photograph of a lush green golf course. The image shows a well-maintained fairway with distinct mowed stripes. A winding path or bunker edge cuts through the grass. In the upper right, a small, clear blue pond is visible. Numerous palm trees of varying heights are scattered across the course, casting long, dark shadows. A sand trap is located in the lower center of the frame. The overall scene is bright and sunny, with high contrast between the green grass and the shadows.
